SUMMARY

Highly motivated Commerce graduate with an exemplary A Grade in the 12th class, currently pursuing a Bcom degree. Actively engaged in advancing skill set through enrollment in Masai School's Full Stack Developer course, specializing in the MERN stack. Combining a strong foundation in commerce with evolving technical expertise, I am poised to contribute effectively to dynamic professional environments. Eager to leverage academic achievements and ongoing development to excel in roles that demand a blend of business acumen and cutting-edge technical skills.

SKILLS

- Html
- CSS
- JAVA-Script
- Git-GitHub
- CANVA-FIGMA
- Premiere Pro
- Collaboration
- Attention to detail

EXPERIENCE

Prepleaf By Masai

MERN STACK DEVELOPMENT • 2023 - Present

- Engaged in real-world projects that involved the development and deployment of dynamic web solutions in both front-end and back-end technologies.
- Developed a solid understanding of version control using Git and GitHub, ensuring effective collaboration and code management
- Engaged with industry professionals and mentors, gaining insights into current trends and best practices in the field of full-stack development.
- Applied industry-standard coding conventions, maintaining clean, modular, and well-documented code for ease of collaboration and future development

EDUCATION

Sanatan Dharam Collage Beawar

Bachelor of Commerce B-Com
2023-2026

12th Grade (Commerce)

Board: Rajasthan Board of Secondary Education (RBSE)
Duration: 2021-2023

PROJECTS

E-Commarce Clone

Fully Responsive clone of BeautyBebo.com. This endeavor showcases my proficiency in front-end development using HTML, CSS, and JavaScript, along with the integration of local storage

NetFlix-Clone | FE

Created a front-end clone of the Netflix website using HTML and CSS. The project focuses on replicating the immersive user interface, ensuring responsiveness across devices.

Find Your Movie | OMDB API

This application, meticulously crafted with HTML, CSS, and JavaScript, showcases my proficiency in front-end development and API integration, along with advanced techniques such as debouncing and throttling for enhanced user experience

HOBBIES AND INTERESTS
